

Discover the Two Sides to the Coin, Changing the World as We Know It

Jake Ryan

James Diorio

“Crypto Decrypted does an amazing job identifying and demystifying popular crypto myths, explaining misunderstood, ignored, and essential concepts of blockchain and demonstrating overall how this technology will play into the next long-wave economic cycle. It’s clear that the Information Age has ended and that we are entering the Age of Autonomy®.

This book helps you get a good grasp on where we are headed in the near future and how to capitalize on it.”

—**Anthony Scaramucci**

FOUNDER AND MANAGING PARTNER, SKYBRIDGE CAPITAL

James Diorio is the CEO at Tradecraft Capital, a blockchain asset manager focused on the next long-wave economic cycle, the Age of Autonomy®. He brings over 30 years as a technologist, executive, and serial entrepreneur with depth guiding ventures to realize their full potential.

After a successful SaaS turnaround and sale in 2017, James took a deep dive into the blockchain space where, after extensive study of this new technology, he became convinced of its potential. He was an early investor in Tradecraft, then an advisor where he assisted in refining the Age of Autonomy® thesis.

James has been writing on blockchain and digital assets for years via his blog [Crypto: Decrypted](#)®. He is a Co-Founder of the [Autonomy2040](#) conference and a mentor and advisor to technology and blockchain ventures.

Jake Ryan is the CIO at Tradecraft Capital, a blockchain asset manager focused on the next long-wave economic cycle, the Age of Autonomy®. Prior to Tradecraft, he ran a specialized software engineering firm for 20 years. His first book, *Crypto Investing in the Age of Autonomy*, published by John Wiley & Sons, is a US News & World Report Top 7 Book on Crypto and DeFi. His published work, applying AI to cybersecurity, has [750+ Google Scholar citations](#).

Jake has been the keynote speaker at top AI conferences and is a frequent speaker on the crypto circuit like CoinAgenda and HedgeWeek’s Digital Assets Summit in NYC. He’s also a contributor at Bloomberg Radio, Newsweek, and Harvard Business Review (HBR) and a special contributor to the Digital Assets Council for Financial Professionals (DACFP).

Jake is also an advisor to several VC-backed startups as well as two VC accelerators and a PE firm.

Crypto Decrypted—Debunking Myths, Understanding Breakthroughs, and Building Foundations for Investing in Digital Assets

In *Crypto Decrypted*, Tradecraft Capital’s Jake Ryan and James Diorio demystify a new world hidden in plain view, accessible currently to folks “in the know.” This book is for anyone who finds themselves lost in the blockchain babble, exploring and explaining not only how to participate but the often overlooked reasons why this new technology is relevant to every human being.

Users can expect to learn:

- The **basics of blockchain technology** and how to better navigate this new world
- The truth about the **most common myths** around crypto and blockchain
- The **Byzantine Generals’ Problem** and how it impacts your future
- Why **blockchain technology is relevant** to everyone
- How blockchain innovation is **transforming our economy and society**
- How to **participate in low-risk crypto** and diversify your retirement portfolio
- Why the **Information Age is over** and what entering the **Age of Autonomy®** means for your children

Just as the internet revolutionized our world decades ago, blockchain technology will impact every person and business on the planet— for the better – in the decades to come.

EARLY ENDORSEMENT

“As you’ll discover in this fine book by Jake Ryan and James Diorio, blockchain technology and the digital assets it makes possible are revolutionary—the most profound innovation in commerce since the invention of the Internet. Unfortunately, most people don’t realize this yet—giving those who do a distinct set of advantages.”
